Hey honey?

I'm sitting in algebra class right now. I'm about 15 mins early, so I thought I would write you a letter.

Victoria wants your address. I do not understand why, but I will give it to her. You let me know if she likes you!!!

I'm in a bowling tournament with the college. It figures that the first person I had to play against would be Vickie. She beat me by 7 points. But that's okay. I suck at bowling anyhow. My highest score was a 147.

Last week I got 3rd in the pool tournament at the bar. Not bad huh? There were 10 people in it. I should have gotten first. I'll get em' this Thursday!!!

Did you know that you're the first thing I think about when I wake up, the last thing I think about before I go to sleep, and you're all I dream about? I keep your picture with me all the time. I can't wait till you get home and give me a big hug!

I might fly home in May instead of renting a car. I can fly round trip for \$160. A rental car would be almost \$400. But I have not

decided yet. I might not even go home. I might just wait till we can go together.

I paid a extra \$100 on my car this month. I also paid \$100 on your Next card. Hopefully by the time you get home I can have a lot of stuff paid off.

The furniture has only 4 more payments and it will be paid off too. I've also got about \$75 put back in our savings account. Hopefully I can build it up some too. One day this week I'm going to go to Navy Fed and have some money put into your IRA for you.

Well I love you and I can't wait till I start getting letters from you. I miss you mega bunches!

Love Always,
Narciso
