Hey honey

I miss you so much. I'm sorry that I'm not writing you that often. I'm keeping really busy. I don't have a whole lot of extra time anymore. Between school, the newspaper, bowling, pool tournaments, working, I'm about burnt out. I'm ready for a vacation. I'm thinking about going to see Bob during Spring Break next month.

Mom says that Dad is feeling really bad now. She says that he hardly ever gets out of the chair anymore, not even to go to the track.

Do you remember my little cousin Melissa? You met her once or twice. She is knocked up!!! 5 months pregnant. I think it is scary as hell.

I'm thinking about going home for the summer. I just miss you so much and I hate being here by myself. I've made a whole hell of a lot of friends, but it's not the same. I want to come home to you everynite and cook you dinner, then snuggle on the couch and watch T.V. till you fall asleep on me. I hate being away from you so much.

School is going good. I'm still getting good grades. My math class is getting much harder. I wish you were here to reward me when I get good grades. I need it &

I only have two papers left to do for my English class. I'm going to try to get them done early so I don't have to go to that class anymore.

Not a whole lot more is happening around here. Just me missing you mega bunches! I can't wait for you to pull into Newhead City. I'm gonna jump on you and knock you out like I did when you asked me to marry you!

I think about you all day, everyday! ☺

Love Always,
Marcia
